[\u25c4 First Look At - Valhalla Hills - video \u25ba](#)

[Today I found my viking roots in the game, Valhalla Hills.](#)  
[It's a sweet strategy builder game from Funatics Software.](#)

[Odin, the ruler of Asgard, is in a bad temper and trough his son and vikings out of Asgard since they lack of honor.](#)  
[Your mission is to protect and help the vikings to regain their honor so they can return to Asgard.](#)

#### POSITIVES:

[I found the graphics very appealing \(except the water line\) and the viking animations are quite smooth and nice.](#)  
[I like the cartoonish style and the environment looks good to my eye.](#)  
[I like the music but hope it will vary a bit more since I progress trough the game.](#)

#### NEGATIVES:

[The game play and tutorial is confusing to me, and I don't understand exactly what I'm doing. WHat's on auto, and what's not... I think it's not to bad as soon you get the point, sort of say, I need a few hours before I get it.](#)

[So, at a first look I like the game very much and I definitely recommend others to try it.](#)
